

# Mundhenk's Ministry Messenger

Behold, I send My Messenger, And he will prepare the way before Me.

Malachi 3:1

## Sinus Surgery

One thing the MRI Michelle had in October did show was impacted sinuses. The doctor thinks that the infection there might be what caused her hearing and balance loss. Although she'll never get back the hearing in her left ear (outside of God's direct intervention), surgery should help her balance and constantly clogged nose.

## Through Prayer...

What a battle! Some of the things we've faced this last year are simply the stresses of life but when you add to that Michelle's severe fibromyalgia, loss of hearing in one ear, damaged balance in the other *and* impacted sinuses... that's more than just life. That's opposition. Satan wants us out of action.

But that's not what God wants. He brought us here to prepare us for more ministry and He's doing that through the prayers of His people. It has been through prayer that He has led us to the

right doctors and it is because of those prayers that Michelle is doing so well. It is through prayer that we are getting to the root of Michelle's hearing and balance loss. And it

is through prayer that He is providing the finances for seminary studies.

Would you pray for us? And would you let us know of your prayers by filling out the

enclosed prayer commitment card and returning the blue copy to us in the envelope provided? God does His work through prayer and we'd love to have you praying for us!

God has even provided a used laptop to carry to classes!

## School Work!

Classes have started! In fact, I'm in a classroom and my next class starts in five minutes so I'm using my time wisely. And that's what I need to do. These classes are great but they are also tough. I'm taking just nine credit/class hours but they require at least

30 study hours per week. I want to learn as much as I can from each one but it's hard to get it all done. Hopefully I'll get more efficient at studying but until then if you happen to see me you can be pretty sure that my backpack full of books is nearby.

## Prayer Briefs:

### Ouch!

God's work in the Ningerum tribe took a hit when Pastor Tinot married one of his brother's widows. Pray that God would work through this for His glory... somehow.

### Expenses ↑, Income ↓

Two churches and three individuals have stopped supporting us since we are in the U.S., even though it costs more to live here. Pray that God would continue to provide through special gifts and new support.

### Tuition: Got it!

Through the generous gift of a church God has already provided the cost of tuition; and books have been bought! All that remains is the cost of travel.
