

Mundhenk's Ministry Messenger

Behold, I send
My Messenger,
And he will
prepare the
way before Me.

Malachi 3:1

June, 2003

Volume VII, No. 2

Pray for Prayer

We now have almost 150 Prayer Partners signed up through March 31 of 2004. That's great, and we want more! Our goal is to have at least 300 people praying for us. If you haven't sent us your card, please do—quickly! If you lost the card then just send us a note or an email and we'll count you among those who are partners in this ministry through prayer.

One Down

...Two to go. We have now completed one term of Bible school and the second term starts early this month. Jimbo has done very well in his studies and reading is much easier now that he has glasses. His eyes still don't work together but his brain continues to compensate.

I, on the other hand, am going cross-eyed! Or, at least I was feeling like it. Teaching one student is hard work but fortunately I am getting used to it. Pray for me as I continue this learning process and pray that Jimbo will continue to learn well.

Prayer Briefs:

Back in Black

Our general account had been in the red for the better part of a year but not any more! A church that we haven't visited for almost 10 years sent us a special gift that erased the deficit. Praise God with us for this unexpected blessing.

School Goes On

While students in the states are getting ready for summer break we are charging through winter studies. The children will soon start the next grade (Daniel—6th, Stefanie—4th and Alicia—Kindergarten), pray for them and for Michelle as she teaches.

Tinot's Brother Dies

Just as we were beginning class the waiting started. We knew even before Tinot came what had happened. It was not unexpected.

When someone dies

there are payments to be made. It can be complicated to manage so Tinot will need your prayers.

Pray also for the families as they mourn the loss of their loved one.

How Long, Lord, How Long?

For the past year now Michelle has been battling ever-increasing back pain. At first it was only periodic and the intensity was mild to moderate. Now the pain is daily and has moved to the moderate to severe range. The question is "what to do?"

We are fast exhausting the resources available to

us in this country. Michelle is trying exercise again (before she was unable to do it) but if that doesn't work then it looks like we may have to look outside the country (probably Australia).

Please pray hard for Michelle as she endures the pain. And, pray for wisdom so we will know how God wants us to handle it.
