

Mundhenk's Ministry Messenger

Behold, I send
My Messenger,
And he will
prepare the
way before Me.

Malachi 3:1

Coming to a church near you...

Us! Between now and the end of January we will be presenting the ministry to 28 churches in 10 states from Texas to as far north in Wisconsin as you can get and from Colorado to eastern Maryland. This took so many hours on the phone and was the result of literally only-God-knows-how-many prayers. But God worked out all the details. If you want to know when we'll be near you then just call or e-mail us. We'd love to see you!

Flying to School

Flying...

Even now we need to begin raising money to get back to Papua New Guinea. The actual cost to get from our jungle airstrip to Dallas/Fort Worth was just under \$5,900. That means we need to raise at least that much to get back. Please pray with us as we try to raise the money to return to the place God has called us to work.

It takes about 29 hours of flying time on five different aircraft to get from "here to there."

...to School

The Bible School to be exact. As we left, the new students and a few peo-

ple from the community were building a new Bible School classroom. We already have a men's dorm and two staff houses but the old classroom was falling down around us — literally! Please pray that God would supply the \$5,000 needed to complete this project.

If you feel God leading you to help then just

make a check out to "Pioneers" and send it to the mission address with a note telling them what it's for.

"It doesn't say that here!"

I wrote this phrase so many times that Michelle actually got me a big red rubber stamp with those words on it — and I used it! At first the students just couldn't figure out what a passage in the Bible was saying and would write down anything that came

to mind. I got a letter from Beot who is trying to teach two students and he is having the same problem. Pray that the Author of the Bible would help them to understand what it says and that Beot would allow the Holy Spirit to teach through him.

Prayer Briefs:

That's a long way!

Over the next five months we expect to travel about 13,000 miles! With up to five people in the car that's a *really* long way. Please pray that the car will give us no problems and that God would keep us safe and sane!

Yeah, it was!

In fact, 13,000 miles is about how far we flew to get here from PNG. Praise God for the safety, smooth travel and even rest we got along the way.

Do they or don't they?

Please pray for us as we decide how often to pull the kids out of school for meetings. With so many so far away it could end up being a lot of missed time.
