

Mundhenk's Ministry Messenger

Behold, I send My Messenger, And he will prepare the way before Me.

Malachi 3:1

March, 2003

Volume VII, No. 1

Paid in full!

When we go out in April to get supplies I will also go to the bank and get money. The money! God has provided what we need to pay off the debt for the new classroom. If there is any extra we hope to buy a few small solar lights for the students to use to study at night! Praise God with us for His provision.

Bible School Begins

We just finished our first week of classes and it sure is good to be teaching again. Tinot is teaching one pre-Bible school (adult literacy) student and I have one regular Bible school student. We are still looking for more students but the one student I do have has a strong desire to learn and has proven himself to be very good at reading and understanding the Bible. This usually takes quite a while to

Jimbo came because he feels this is where God wants him.

develop so he is doing well.

Given his extremely poor eyesight this is no small feat! We are working to get him some glasses but his eyes do not work together. We will try to do what we can but it is quite a task just to read so please pray for Jimbo as

he studies.

Pray for me also. It is much different to teach only one student. I am adjusting, with God's help.

Prayer Force Unite!

Prayer is just as vital to this ministry as money. Money put us here on the front lines but it took prayer to defeat the schemes of Satan. It took money to build a school but it took prayer to bring the students.

Enclosed is a brand new Prayer Commitment Card. This is your ticket to join our team of Prayer Part-

ners. Once you're signed up we will put you on a special mailing list so we can send you late-breaking prayer requests. Would you please take a minute to fill this card out and send the top copy to us? (The bottom copy is for you to keep.) We even enclosed an envelope and postage is just 80¢! We need your prayers!

Prayer Briefs:

Back is Basic

For the last three months Michelle's back has been giving her quite a bit of pain. We've tried several things that have worked in the past but it's different now. Pray that God will show us how to get this taken care of.

Money Helps

Set-up costs were pretty high this term and that has put our general work account in debt. It's coming up but our house steps and front porch floor (where we give medical help) are falling down — literally! Pray that our income will increase to cover these costs.
