Prayer Force News

VOLUME XIV NUMBER I

FEBRUARY 2010

THE ELITE GUARD

We need your prayers, that's a fact! There is a select group of people who have committed themselves to pray for us each time we send out a short, special email update (about twice a week). Often we have urgent prayer needs that no one else ever hears about because God resolves the issue fast! If you'd like to join this group just send us an email and we will fill you in on the details!

Please Pray:

- † One of my jobs here is to look after the copiers. The beginning of December we did major maintenance on the big one that we use to print course notes and other classroom materials. Well, it hasn't worked since! We have spent more hours than I care to count trying to get it figured out but the problem remains unsolved. Pray that we'll get this machine up and running soon!
- † Term one has begun. (In the southern hemisphere our school year begins in February.) This year promises to be significantly easier than my first year here but I'm still pretty busy! Pray for diligence and endurance.
- † Today was the first day the bookstore has been open this year. Michelle does all the book ordering for the bookstore (as well as the library) and she has been working for months to find quality books at good prices searching Australia, New Zealand and the United States for the best deals. We had good stock but the shelves have significantly more room on them now than they did this morning! Pray for Michelle as she does the work of ordering more books while continuing to home school Alicia.
- † Over the past year both Daniel and Stefanie have had some trials at school. For the first time in a while things are going well for both of them in the hostels. Praise God for a bit of a rest. So far they are both doing exceptionally well but do pray for their studies as the academic standards are much higher at Ukarumpa than in the states.

Our goal is to get quality books into students' hands at the lowest possible price.

Thanks so much for your continued prayers! Last year was very rough and I was truly unable to send out letters to ask for prayer when I needed it most. Next term may be a bit harder than this one with a new class to work up but I should be able to keep you better informed!

Servants together through prayer,

Kent & Michelle Mundhenk
